

# OJSC «LUNINETSLES»

The history of creation and development of OJSC "Luninetsles" goes back to August 1944. From Luninets timber enterprise engaged only in timber harvesting the enterprise has grown to a large association with a multi-specialized activity.

The enterprise location on the territory of the Republic of Belarus opens access to the 170 million market of the Common economic space of the Customs Union countries. OJSC "Luninetsles" is also very favorably located on the territory of the Republic of Belarus in relation to logistics, sales organization and production base, since Luninets is an important railway junction in all directions.

## ACTIVITIES

- ✓ wood sawing and planing,
- ✓ wood antiseptic,
- ✓ manufacture of wooden floor coverings, including incomplete parquet cover,
- ✓ manufacture of joinery,
- ✓ manufacture of wooden containers,
- ✓ heat supply,
- ✓ leasing of real estate, automobile vehicles, other machinery and equipment,
- ✓ production of other basic organic substances.

OJSC «Luninetsles» comprises three business units:

- ✓ Mikashevichi timber enterprise
- ✓ Lyushcha timber station
- ✓ Luninets production site.

## BENEFITS

- ✓ large territory (more than 27 ha) with necessary connections and engineering networks
- ✓ access roads for automobile transport
- ✓ own railway branch on the site
- ✓ own transformer substations

The enterprise owns more than 25 000 square meters of production and administrative buildings and structures. Availability of modern equipment for production of door and window units, woodworking and sawmilling products. The entire production infrastructure is in good condition.

### Production capacities of OJSC «Luninetsles» allow to produce (per month)

✓ parquet	2000 m <sup>2</sup>
✓ sawmilling (edged / unedged plank)	2500 m <sup>3</sup>
✓ woodworking products (floor plank, block house, base molding, lining etc.)	100 m <sup>3</sup>
✓ drying of wood	800 m <sup>3</sup>
✓ window blocks	500 m <sup>2</sup>
✓ door blocks	100 m <sup>2</sup>
✓ wood end-jointing and glueing	50 m <sup>3</sup>
✓ details of wooden containers	80 m <sup>3</sup>
✓ tie	400 m <sup>3</sup>
✓ timber harvesting	2000 m <sup>3</sup>

# UNITS OF OJSC «LUNINETSLES»

## Mikashkevichi timber enterprise

### PROPERTY COMPLEX

#### Land plots:

Leninskaya-Str., 9 – 13,9192 ha  
Leninskaya-Str., 89 – 1,0474 ha

#### Plots fencing:

reinforced concrete slabs

#### Buildings and constructions:

- ✓ office
- ✓ control room
- ✓ sawmill shop № 1, 2 shop
- ✓ tool shop
- ✓ transformer substation
- ✓ workshop on production of fuel briquettes
- ✓ canteen
- ✓ machinery repair
- ✓ fire-pump station
- ✓ warehouse
- ✓ boiler house
- ✓ arched warehouse

### ENGINEERING INFRASTRUCTURE

- ✓ engineering networks required for production activities
- ✓ access roads for automobile transport
- ✓ own railway branch
- ✓ two own transformer substations (630 kVA)
- ✓ central water supply from the city network
- ✓ central sewerage
- ✓ central heating from own boiler house

### RAW MATERIAL BASE

- Luninets forestry enterprise
- Zhitkovichi forestry enterprise

## Lyushcha timber station

### PROPERTY COMPLEX

#### Land plot:

Zelyonaya-Str., 4 – 9,1843 ha  
Zelyonaya-Str., 4a – 1,0107 ha

#### Fencing:

Zelyonaya-Str., 4 – wooden fence  
Zelyonaya-Str., 4a – metal grid

#### Plot fencing:

reinforced concrete slabs

#### Buildings and constructions (Zelyonaya-Str., 4):

- ✓ office
- ✓ sawmill shop № 1, 2
- ✓ welfare spaces
- ✓ transformer substation

#### Buildings and constructions (Zelyonaya-Str., 4a):

- ✓ machinery repair shop
- ✓ warehouse № 2, 3

### ENGINEERING INFRASTRUCTURE

- ✓ engineering networks required for production activities
- ✓ access roads for automobile transport
- ✓ own railway branch
- ✓ own transformer substation (630 kVA)
- ✓ central water supply
- ✓ central sewerage
- ✓ central heating from the boiler house of Housing and Communal Services

### RAW MATERIAL BASE

- Luninets forestry enterprise
- Gantsevichi forestry enterprise
- Telehany forestry enterprise

## Luninets production site

### PROPERTY COMPLEX

#### Land plot:

plot area - 2,3417 ha

#### Plot fencing:

reinforced concrete slabs

#### Buildings and constructions:

- ✓ office
- ✓ store
- ✓ shop of sawn timber glueing
- ✓ control room
- ✓ boiler house
- ✓ garages
- ✓ shop of door and window blocks
- ✓ machining shop

### ENGINEERING INFRASTRUCTURE

- ✓ engineering networks required for production activities
- ✓ access roads for automobile transport
- ✓ railway station Luninets at a distance of 1 km
- ✓ own transformer substation (250 kVA)
- ✓ water supply: own artesian well
- ✓ central sewerage
- ✓ central heating from own boiler house

### RAW MATERIAL BASE

- Luninets forestry enterprise
